

Lots of children like this toy.  
A long time ago, what were  
toy horses made of?

by Eva

for a  
little kid  
it will  
be made  
out of wood  
and for an  
adult it  
will be made  
out of  
copper or  
pewter.  
These are  
types of  
metal.
