Technological Practice - Technologists make the outcome following the brief specifications.

Make a Model - this is the practice one
- it the time for testing and trialing ✓ DONE!
- take photos

**Evaluation** - comments from stake holder

I didn't like it, I loved it!

- ask questions
- make modifications to change or improve after talking to the stake holder
- create new drawings
- get new resources if you need to

What are your changes?

I loved my own one but I would like to try a lemon curd chocolate muffin.

Create the Prototype - final version (ready for manufacture and sale if applicable)

cream

sprinkles.

$2.50!
each!

Final Check

chocolate chips
