

## My Stakeholder Profile Sheet

<b>Achievement Objective</b>	<p>Technological Practice - Planning for Practice - Level 4</p> <p><i>Undertake planning that includes reviewing the effectiveness of past actions and resourcing, exploring implications for future actions and accessing of resources, and consideration of stakeholder feedback, to enable the development of an outcome.</i></p>
<b>Learning Intention</b>	<p>I am learning.. to interview and record stakeholder needs / considerations to guide my practice.</p>
<b>Activity Instructions</b>	<ol style="list-style-type: none"><li>1. Teacher to model sheet with whole class using a known outcome everyone is familiar with (context driven)</li><li>2. Based on given context / issue , students interview stakeholder and record information on profile sheet.</li><li>3. This forms the basis for students to consider their practice in relation to stakeholder needs.</li></ol>
<b>Teacher Notes</b>	<ul style="list-style-type: none"><li>• Initially developed by Alastair Wells as a strategy that encourages analysis of broader stakeholder needs in relation to the development of an outcome</li><li>• This could be modified to suit a particular context / issue provided by the teacher.</li></ul>
